- -focus in retail design
- -marketing
- -connected physical branded experiences

Location: Columbus

People: 55+

Founded: 1989

#### Mission:

"Our path is guided by consumer insights, sparked with creativity and grounded with intelligence. With nuanced strategy, dramatic design, vivid communication and precise execution, we articulate brand, deliver excitement and incite customer purchases.

It's about your brand in every dimension."

#### Company Overview:

We're a collection of seasoned brand and customer experience professionals who aren't afraid to get in the proverbial trenches or climb a literal ladder. We're thinkers, designers, creatives and bottom-line types who imagine and implement the world's most exciting retail venues. We create the spaces, experiences and communications that put consumers in touch with brands.

#### **Work Process**

## WHAT IF?

#### ...Think

Deep dive into history of company and "plan of attack" to solve challenge. Research of consumers, document competition, and follow industry trends

#### ...Create

Bring dimension to brand through communicative and environmental elements. Strategic framework to design spaces, graphics, and supporting content. Experience and interact with brand in new and imaginative ways

#### ...Scale

Translation of conceptual ideas into physical reality. Document and communicate details of design. Construction support, roll out assistance, and tools to educate employees

#### Culture/Brand

#### **Passion**

We do our work with soul. We shop. We eat. We travel. We ARE the consumers we serve.

#### Purpose

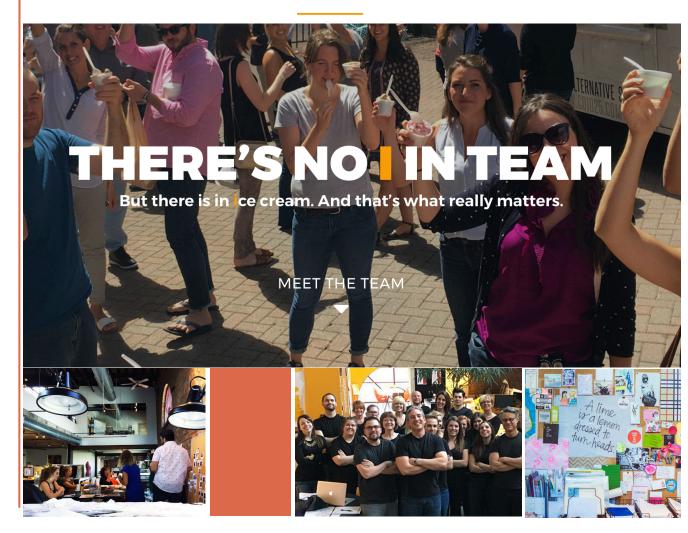

Ideas and advice for actual use- to solve real problems. We are in this to transform our clients businesses, but also nurture our own. Whatever it is, we make it better. We make it matter. And we make it last.

#### Partnership

Relationships are built on a series of experiences. We believe in "better together." We collaborate. We play well with others. And we win when we work together.

# **Making It Happen**

Founded by Passion. Driven by People. Proven by Results.
